

Template: Music Radio Script

Intro: [Radio Jingle]

DJ: Hello and welcome to [Radio Show name] We've got loads of hit songs for you today, let's get started with [Song title & Artist] We'll be right back.

Cue music: [Play Song]

***Top Tip:** Don't hesitate to prepare some **notes** about the songs/artists that you are playing. They don't need to be scripted, but you should be able to use them during your live broadcast if you want!*

DJ: And we're back after that smasher by [Artist name] from his latest album [Album name] which was released on [Release date]

DJ: Now, we've got some interesting topics to discuss today [announce News, Story, or Gossip], but before we dive into that let's take a listen to [Song title & Artist]. Stay tuned!

Cue music: [Play Song]
